

# FREC BANGKOK

FREC Bangkok's eight founding partners are some of the city's most creative social enterprises, NGOs and foundations. Working with the Ford Fund, they use the space to run environmental, education, technology, community engagement, and arts programs in Bangkok's historic Nang Loeng neighborhood.

2

**Love Wildlife** teaches young generations the importance of wildlife and its connection to the world we all live in

1

**Scholars of Sustenance** collects up to 2 tons of food surplus a day in Bangkok and distributes it to communities in need

3

**The Bird Conservation Society of Thailand** trains bird enthusiasts and protects Thailand's natural habitats

4

**Urban Studies Lab** runs research and hands-on projects to ensure community voice is a key part of urban planning

6

**FabCafe** runs a high tech workshop in a community space where people can gather, network and connect

5

**Precious Plastic Bangkok** uses simple-to-build machines to turn plastic waste into new products

7

**Creative Migration (East)** is an international arts organization that advances cultural diplomacy through art, public engagement, and sustainability.

8

**Na Café** uses its space to run vocational programs for at-risk youth, workshops for refugees, a chef's table, soup kitchens, and to promote zero-waste F&B.
